The information contained above was obtained from the various nursing homes in June and July, 2006. It is believed, but not warranted, to be accurate as of then. As with any type of business, some nursing homes make changes over time. It is always best, when you contact a nursing home, to ask them if anything has changed. This information is taken from our St. Louis Area Nursing Home Guide, which also provides other valuable information to assist you in making the best possible choice of nursing homes for your family member, and about planning that can help you successfully address the challenge of paying for that care.
